Dear Pat,

On behalf of the USA Pentathlon, the National Governing Body of Modern Pentathlon in the United States of America, I would like to take this opportunity to thank you and the organizing committee for the incredible work everyone did in making the 2009 US Nationals and NORCECA championships such a success.

You and your team's tireless efforts, sleepless nights, army of dedicated volunteers is why pentathlon is such a success in the West Coast area. It is an example of how we can rebuild pentathlon on the national and international stage!

The fact that we had so many athletes participating, from Senior to Youth E, from six countries, is a fitting testament to your team's achievements.

Please extend my congratulations and deepest thanks to your team, including, but not limited to, Connie Ballard, Mike Duffy, Michael Cintas, Vic Reizman, Lisa Jayne, Steve Chase, as well as so many others!

Sincerely,

Atif Siddiqi
President, USA Pentathlon
