* ran out the ½ loop.

p – prone, 5 shots

s – standing, 5 shots

o – other, safety, ½ loop per mistake, ½'s are dropped (just run whole loops)

NOTE: Athlete's % Back = $(2 - (\text{Athlete's Time} / \text{Scoring Base})) \times 100$

The Scoring Base is the average time of the top three finishers.

Points are awarded to match shooters first, then everybody else (sport and match), in order of place-finish. For example, if there are 16 classified participants and the shortest time was achieved by a Novice, but the next to the lowest time was achieved by a match individual or match team participant, then the person with the next to the lowest time would get 16 points for the race.

Warmest thank-you's to our volunteers for this race.
