

U.S. Olympic and Paralympic Training Sites 2009 Fact Sheet

The United States Olympic Committee has partnered with world-class, elite athlete training facilities across the nation to help America's Olympians, Paralympians and hopefuls receive the best athletic training services possible. There are currently ten Olympic and Paralympic Training sites, which represent 15 National Governing Bodies (NGBs) and U.S. Paralympics.

Mission Statement:
Access additional resources, services and facilities for athletes and National Governing Bodies (NGBs) while providing an elite athlete training environment that positively impacts performance.
