

USA FENCING TOURNAMENT INFORMATION

2011 Junior Olympic Fencing Championship

Dallas, TX: February 18-21, 2011

Under 20 (Junior)//Under 17 (Cadet) / Under 20 (Junior) Team

Please refer to the *Confirmed Entry List* for the status of your entry. The *Confirmed Entry List* is posted on the Junior Olympic Fencing Championship tournament web page on the US Fencing website (www.usfencing.org). You will need to verify each event for which you registered your classification for each weapon, and division information. Report any discrepancies to U.S. Fencing immediately by e-mail (amanda.noble@usfencing.org), by fax (719-325-8998) or by phone at (719-866-4511). The USFA National Office must receive changes to the information on the confirmed entry list by Monday, February 14, 2011. If you represent a country other than the USA, please indicate this information on your Entry Form, along with the USFA Division in which you are a member.

Online registration is available at www.railstation.org/usfencing at no additional fee; the Confirmed Entrants list is updated upon completion of the online entry and payment process and an email will be sent to the email address on record. All paper entries will have a \$10 processing fee. If you registered for the tournament via fax, mail or email you must have an email confirmation as your proof the entry was received. The USFA no longer faxes back confirmation forms. The email back does not guarantee eligibility only that your entry was received. It takes 2-3 days to process entries received by mail or fax. Please confirm that your name appears on the Confirmed Entrant List for each event you registered for. If you are missing any of your events please contact the office immediately. The Confirmed Entrant list for each National Tournament is updated accordingly.

Classification Changes must be received by Monday, February 7, 2011. Classification changes received after this date will not be reflected in the Junior Olympic Fencing Championships. Please verify your name is on the Confirmed Entrant List. Once you verify your name is on this list for each event you registered for, then you will only need to bring your USFA Membership Card or a photo ID to the tournament.

Written notification of withdrawal by e-mail, fax or mail must be received by the USFA by Monday, February 14, 2011 for a refund of event fees. **Refunds are processed 4-6 weeks after the tournament.** No refunds will be given for withdrawals after February 14th. If a withdrawal is necessary after the deadline, please contact our office at 719-866-4511.

CHECK IN:

Fencers must check in each day that they compete, within the indicated hours of check in, or they will be withdrawn from that event. The Venue will open for fencers at 7:00 am on competition days. Fencers should not plan to leave earlier than the day after their last competition as there is no way to predict when any competition will be finished. Fencers who withdraw after starting a competition for other than verified medical reasons will be disqualified from the competition and national points and/or classifications that might have been earned for that competition will not be awarded. Further disciplinary action may be taken.

WEAPONS CHECK:

Weapons check will be open each day of the competition at 7:00 am. Competitors with events on Friday may have their weapons checked from 3:00 pm – 6:00 pm on Thursday at the venue IF the set-up for the Tournament has been completed. Weapons check will test masks for all weapons, all lamè materials (i.e., jackets for foil and saber, and gloves for saber), and all cords (body for all weapons, mask for sabre, bib for foil, when used). Masks must pass the 12-kg punch test. Equipment must conform to regulations (see information below). All events are conducted with electric equipment. Equipment that fails when reporting on the strip for a bout or changing weapon will receive a yellow card. (See T.45 of the U.S. Fencing Rules). Fencers must report to strip immediately after their strip assignments (pool or DE) have been posted. A preliminary check will be conducted to ensure the presence of: Underarm plastron, 2nd weapon and body cord, weapon check control marks. No fencer will be allowed to fence if these conditions are not met.

TECHNICAL INFORMATION:

Fencers must wear the required clothing — regulation fencing jacket and pants, underarm protector (plastron), knee socks and a fencing glove that covers half the forearm. Women must wear breast protectors. In épée and foil, a full jacket is required (i.e., a jacket with cuissard/groin strap). Any attachment to a weapon's handle must fix the hand in one position such that the top of the thumb is no more than 2 cm. from the inner surface of the guard. Warm-up pants are not allowed. Fencing uniforms must not have any rips, tears, holes, etc. The lower front of foil lames must be cut according to the drawing in the rule book (m.28.6). U.S. Fencing allows uniforms of a single pastel color or designs on the rear (unarmed) arm and leg. As the purpose of uniform color or design is for audience interest, such designs should be in good taste.

In all three weapons, each fencer's last name must be printed, either by hand or machine, so as to be legible from a distance of 15 feet in dark blue capital letters: either (1) on the back of the uniform or lamè between the shoulders; (2) on the front or side of the thigh of the "rear" leg; or (3) on a piece of fabric or lamè material that is firmly sewn to the uniform in such a way that it will not detach during fencing or catch the opponent's point. Fabric attached to the uniform must be the same color as the part of the uniform to which it is attached. Conductive materials must be attached in such a way as to not alter the conductivity of the metallic vest or jacket. **NAMES PRINTED ON TAPE ARE NOT ACCEPTABLE.**

The use of an FIE certified uniform and mask is not required for USFA competitions. However, the protective plastron must:

1. Have at least two layers;
2. Include a sleeve down to the elbow without opening or seam in the region of the armpit; and
3. Ensure the best possible protection. It may be fixed to the jacket without being entirely sewn in.
4. It does not need to be constructed of 800 Newton material.

In electric saber, the glove, whether a regulation saber glove or a glove used with a regulation manchette which must have a hold-down loop must overlap the metallic jacket that, itself, must overlap the cloth jacket.

Saber blades marked with the year of manufacture (\$200 or higher) and/or conforming to the current FIE standards are required for all USFA competitions except Youth 10 competitions. The requirement for the new saber blades may necessitate a flexibility test at USFA National competitions. (Even when the year is specified on a blade, there is no guarantee that the blade will pass the flexibility test.) Allow additional time for weapons check at these competitions.

FORMAT:

Individual Events:

There will be one round of pools with 80% of the fencers promoted to direct elimination (DE). There is NO repêchage at the Championship tournaments and there will NOT be a fence off for 3rd place, i.e., both fencers are tied for 3rd.

In the pool round, bouts are 5-touch bouts with 3-minute time limit. In direct elimination, bouts are 15-touch bouts, fenced in three 3-minute segments, with 1-minute rest between segments, for a total of 9 minutes fencing time. In sabre, the first period will end when the 3-minutes have passed or when the score of one of the fencers has reached 8.

National points are awarded to those placing in the same bracket as the top 40% of the number of fencers competing to a maximum place of 32.

SEEDING:

Junior- Top 24 in National Junior Rolling Points, then ranking within classification, then classification/year
Cadet- Top 16 in National Cadet Rolling Points, then ranking within classification, then classification/year

Team Events:

Please read below as the team process will be different from the one used at Summer Nationals. Please see the team entry form for appropriate tournament deadlines.

Registration

1. Teams must qualify through Division (qualification path pending BOD approval 9/10)
2. Teams will be required to submit 3-4 team member names and captain with the team entry.
3. Seeding information will be based on the same deadlines used for individual events.
4. Preliminary team seeding and table will be posted on the USFA web site.
 - a. This will allow the teams to verify information and contact the National Office with any corrections by a designated date. If teams fail to do so, information stands as presented.
 - b. Table will only be reconstituted if the classification and/or NRPS are in error
 - c. If a team withdraws after the classification deadline for that tournament, the table stands as constituted.
 - d. Higher seeded team would automatically be designated as the "winner of the coin flip" and assigned the 1-2-3 side

At the Venue

5. Teams will be required to check-in with the Bout Committee during a designated time to verify team and determine fencer order. Time will be posted with check-in schedule.
6. Format will be direct elimination team matches, fence off for 3rd.
7. Fencers' can compete in one individual and one team event per day.

CALL TO FENCING STRIP:

The second call for a missing fencer at the beginning of a pool or direct elimination bout at a National USFA competition will be announced over the public address system one minute following the first call at the strip. If the fencer fails to report to the referee at the assigned strip within one minute of that second call, the referee will call for the fencer at the strip one final time; if the fencer still fails to report to the strip within one minute after the final call, the fencer will be excluded from that competition. BOD 9/2006

DRUG TESTING:

There may be drug testing conducted for athletes who compete in this tournament. Any detection of banned substances would be cause for suspension and loss of national points earned for selection towards any U.S. Fencing team. There are over-the-counter medications that may contain banned substances and it is the fencer's responsibility to ensure that he or she does not inadvertently take any medication that contains a banned substance. For any questions about medications and banned substances, call the U.S. Anti-Doping Agency Drug Hotline at 800-233-0393 or visit their website at www.usantidoping.org

USA FENCING FREQUENTLY ASKED QUESTIONS:

What are all the deadlines for this tournament?

February 18-21, 2011 (Fri-Mon) Junior Olympic Fencing Championships

Deadline for Entries at Regular Fees:	January 10, 2011
Deadline for Division Qualifying Forms:	January 10, 2011
Late Entry Period at Triple Fees:	January 11-17, 2011
Deadline for Classification Changes:	February 7, 2011
Withdrawal Deadline:	February 14, 2011

I am trying to talk with someone in National Events, but I can't get through to a real person. The National Events phones are very busy throughout the tournament season. If you have a question, leave a voice message for the individual you are trying to reach or call the main desk at 719-866-4511. If you need an immediate answer, email the question to: information@usfencing.org. Please do not leave a message at every extension in the office. It only slows the process and creates confusion for everyone.

What time will the tournament end each day? There is no way to determine when the tournament will end each day. If you are competing and plan to leave after your event, make your departure arrangements for the following day. There is a chance if you book your flight for the same day, due to tournament conditions competition may not finish in time for you to catch your flight.

Why is it better to use the online registration versus sending in a paper entry form? With online registration you receive a confirmation right away and appear on the confirmed entrants list (does not apply to championships). When an entry form is faxed or mailed in we have to process the payment, enter the fencer manually, and email back a confirmation. Paper entries take 2-3 days to process. There is also an additional \$10 fee on the paper entries.

I do not know my username or password for Rail Station (online registration site). If you are not sure of your username or password please email information@usfencing.org so we can get you a username and password or answer any other questions you might have about RailStation.

Can I renew my membership as part of tournament registration on Rail Station (online registration site). If your membership is not a current competitive membership, you will be required to update your membership for the season.

What if I am on the appropriate point standings but not within the eligible birth years, can I register for a tournament on Rail Station (online registration site). Yes, the current point standings have been imported into your membership profile.

What is the best way to find out information on tournaments? Go to www.usfencing.org click on the events tab and select the tournament you would like more information on (i.e. NAC A, NAC B, and so on). If your question is not answered there, please do not hesitate to email one of the National Events Staff Members.

Does this tournament qualify me for a Championship? Please see Chapter 2 of the Athlete's Handbook for qualification paths. If your question is not answered there, please do not hesitate to email one of the National Events Staff Members.

Division I NAC and National Championships are always Group A4 competitions.

Division I-A National Championships are always at least Group A3 competitions.

Division II NAC and National Championships are always at least Group B3 competitions.

Division III NAC and National Championships are always at least Group C3 competitions.

Changes in classifications are allowed at USFA sanctioned individual competitions that are restricted to Veterans and to Junior fencers.

Division, Section and Regional Youth and Cadet Competitions must meet or exceed criteria for C1 to award changes in classification. (BOD, July '02, July 03).

The USFA does permit classification changes at mixed competitions without regard to gender of fencers.
