

USA FENCING TOURNAMENT INFORMATION

NORTH AMERICAN CUP - NAC "B"

Milwaukee, WI: NOVEMBER 19-22, 2010

Under 20 (Junior) /Under 17(Cadet) /Youth 14 (Y14)

Please refer to the *Confirmed Entry List* for the status of your entry. The *Confirmed Entry List* is posted on the NAC A tournament web page on the US Fencing website (www.usfencing.org). You will need to verify each event for which you registered your classification for each weapon, and division information. Report any discrepancies to U.S. Fencing immediately by e-mail (amanda.noble@usfencing.org), by fax (719-325-8998 or by phone at (719-866-4511). The USFA National Office must receive changes to the information on the confirmed entry list by Monday, November 15, 2010. If you represent a country other than the USA, please indicate this information on your Entry Form, along with the USFA Division in which you are a member.

Online registration is available at www.railstation.org/usfencing at no additional fee; the Confirmed Entrants list is updated upon completion of the online entry and payment process and an email will be sent to the email address on record. All paper entries will have a \$10 processing fee. If you registered for the tournament via fax, mail or email you must have an email confirmation as your proof the entry was received. The USFA no longer faxes back confirmation forms. The email back does not guarantee eligibility only that your entry was received. It takes 2-3 days to process entries received by mail or fax. Please confirm that your name appears on the Confirmed Entrant List for each event you registered for. If you are missing any of your events please contact the office immediately. The Confirmed Entrant list for each National Tournament is updated accordingly.

Classification changes must be received by Monday, November 1, 2010. Classification changes received after this date will not be reflected in NAC B. You MUST confirm your name is on the Confirmed Entrant List for each event and bring your 2010-2011 USFA Membership Card to the check-in area at the venue.

Written notification of withdrawal by e-mail, fax or mail must be received by the USFA by Monday, November 15, 2010 for a refund of event fees. No refunds will be given for withdrawals after November 15th. Refunds are processed 4-6 weeks after the tournament.

CHECK IN:

Fencers must check in each day that they compete, within the indicated hours of check in, or they will be withdrawn from that event. **The Venue will open for fencers each competition day at 7:00 am.** Fencers should not plan to leave earlier than the day after their last competition as there is no way to predict when any competition will be finished. Fencers who withdraw after starting a competition for other than verified medical reasons will be disqualified from the competition and national points and/or classifications that might have been earned for that competition will not be awarded. Further disciplinary action may be taken.

WEAPONS CHECK:

Weapons check will be open each day of the competition at 7:00 am. Competitors with events on Friday may be given priority to have their weapons checked from 3:00 pm – 6:00 pm on Thursday at the venue IF the set-up for the Tournament has been completed. Weapons check will test the mask, lamé jacket, gloves and body cords. Items that have passed inspection will be specially marked. Masks must have sewn-in bibs. Masks that do not pass the 12-kg punch test will be impounded or given a visible mark to signify that the mask is “not approved for use.” Equipment vendors will be present at the venue. All events are conducted with electric equipment. Equipment that fails when reporting on the strip for a bout or changing weapon will receive a yellow card (See T.45 of the U.S. Fencing Rules). Fencers must report to strip immediately after their strip assignments (pool or DE) have been posted. A preliminary check will be conducted to ensure the presence of: Underarm plastron, 2nd weapon and body cord, weapon check control marks. No fencer will be allowed to fence if these conditions are not met.

TECHNICAL INFORMATION:

Fencers must wear the required clothing — regulation fencing jacket and pants, underarm protector (plastron), knee socks and a fencing glove that covers half the forearm. Women must wear breast protectors. In épée and foil, a full jacket is required (i.e., a jacket with croissard/groin strap). Any attachment to a weapon’s handle must fix the hand in one position such that the top of the thumb is no more than 2 cm. from the inner surface of the guard. Warm-up pants are not allowed. Fencing uniforms must not have any rips, tears, holes, etc. U.S. Fencing allows uniforms of a single pastel color or designs on the rear (unarmed) arm and leg. As the purpose of uniform color or design is for audience interest, such designs should be in good taste.

In all three weapons, each fencer’s last name must be printed legibly from a distance of 15 feet, by hand or machine, in capital letters between 8 and 10 cm high: either (1) on the back of the uniform jacket or lamé between the shoulders; (2) on the front or side of the thigh of the “rear” leg; or (3) on a piece of fabric or lamé material that is firmly sewn to the uniform in such a way that it will not detach during fencing or catch the opponent’s point. Fabric attached to the uniform must be the same color as the part of the uniform to which it is attached. Conductive materials must be attached in such a way as to not alter the conductivity of the metallic vest or jacket. **NAMES PRINTED ON TAPE ARE NOT ACCEPTABLE.**

The use of an FIE certified uniform and mask is not required for USFA competitions. However, the protective plastron must:

1. Have at least two layers;
2. Include a sleeve down to the elbow without opening or seam in the region of the armpit; and
3. Ensure the best possible protection. It may be fixed to the jacket without being entirely sewn in.
4. It does not need to be constructed of 800 Newton material.

In electric saber, the glove, whether a regulation saber glove or a glove used with a regulation manchette must overlap the metallic jacket that, itself, must overlap the cloth jacket.

Saber blades marked with the year of manufacture and/or conforming to the stiffer FIE standards are required for all USFA competitions except Youth 10 competitions. This requirement for the saber blades will necessitate a flexibility test at USFA National competitions. Even when the year is specified on a blade, there is no guarantee that the blade will pass the flexibility test. Allow additional time for weapons check at these competitions.

DRUG TESTING:

There may be drug testing conducted for athletes who compete in this tournament. Any detection of banned substances would be cause for suspension and loss of national points earned for selection towards any U.S. Fencing team. There are over-the-counter medications that may contain banned substances and it is the fencer’s responsibility to ensure that he or she does not inadvertently take any medication that contains a banned substance. For any questions about medications and banned substances, call the U.S. Anti-Doping Agency Drug Hotline at 800-233-0393 or visit their website at www.usantidoping.org.

CALL TO FENCING STRIP:

The second call for a missing fencer at the beginning of a pool or direct elimination bout at a National USAFA competition will be announced over the public address system one minute following the first call at the strip. If the fencer fails to report to the referee at the assigned strip within one minute of that second call, the referee will call for the fencer at the strip one final time; if the fencer still fails to report to the strip within one minute after the final call, the fencer will be excluded (a black card will be issued) from that competition. BOD 9/2006

FORMAT: Bouts in the pool round are 5-touch bouts with a 3-minute time limit.

Deadline for Classification Changes:	November 1, 2010
Withdrawal Deadline:	November 15, 2010

I am trying to talk with someone in National Events, but I can't get through to a real person. The National Events phones are very busy throughout the tournament season. If you have a question, leave a voice message for the individual you are trying to reach or call the main desk at 719-866-4511. If you need an immediate answer, email the question to: information@usfencing.org. Please do not leave a message at every extension in the office. It only slows the process and creates confusion for everyone.

What time will the tournament end each day? There is no way to determine when the tournament will end each day. If you are competing and plan to leave after your event, make your departure arrangements for the following day. There is a chance if you book your flight for the same day, due to tournament conditions competition may not finish in time for you to catch your flight.

Why is it better to use the online registration versus sending in a paper entry form? With online registration you receive a confirmation right away and appear on the confirmed entrants list (does not apply to championships). When an entry form is faxed or mailed in we have to process the payment, enter the fencer manually, and email back a confirmation. Paper entries take 2-3 days to process. There is also an additional \$10 fee on the paper entries.

I do not know my username or password for Rail Station (online registration site). If you are not sure of your username or password please email information@usfencing.org so we can get you a username and password or answer any other questions you might have about RailStation.

Can I renew my membership as part of tournament registration on Rail Station (online registration site). If your membership is not a current competitive membership, you will be required to update your membership for the season.

What if I am on the appropriate point standings but not within the eligible birth years, can I register for a tournament on Rail Station (online registration site). Yes, the current point standings have been imported into your membership profile.

What is the best way to find out information on tournaments? Go to www.usfencing.org click on the events tab and select the tournament you would like more information on (i.e. NAC A, NAC B, and so on). If your question is not answered there, please do not hesitate to email one of the National Events Staff Members.

Does this tournament qualify me for a Championship? Please see Chapter 2 of the Athlete's Handbook for qualification paths. If your question is not answered there, please do not hesitate to email one of the National Events Staff Members.

Division I NAC and National Championships are always Group A4 competitions.

Division I-A National Championships are always at least Group A3 competitions.

Division II NAC and National Championships are always at least Group B3 competitions.

Division III NAC and National Championships are always at least Group C3 competitions.

Changes in classifications are allowed at USFA sanctioned individual competitions that are restricted to Veterans and to Junior fencers.

Division, Section and Regional Youth and Cadet competitions must meet or exceed criteria for C1 to award changes in classification. (BOD, July '02, July 03).

The USFA does permit classification changes at mixed competitions without regard to gender of fencers.
